AFTER SOME DIFFICULTY ACQUIRING THE TARGET AREA, SEEMED TO HAVE ARRIVED AT A TALL, VERTICAL, TOWER-LIKE STRUCTURE. WHEN ASKED TO TURN AROUND AND MOVE AWAY FROM THIS STRUCTURE I LITERALLY RAN INTO A BRICK WALL. BEING A LITTLE PERPLEXED BY THIS SITUATION, I DECIDED TO TAKE A POSITION WITH AN OVERVIEW OF THE AREA. FROM OVERHEAD I SEEMED TO BE DRAWN TO AN OPEN COURTYARD-LIKE AREA. THERE WAS A CENTRAL POINT WITHIN THE OPEN AREA. FROM THIS POINT THERE WERE SEVERAL SPOKE-LIKE LINES (AOL-like paths or sidewalk). THIS OPEN AREA WAS BORDERED BY BUILDINGS, ON, AT LEAST, TWO SIDES. WHEN ASKED TO FIND THE ENTRANCE, I FELT MYSELF BEING DRAWN INTO TWO DIFFERENT DIRECTIONS. ONE WAS A BUILDING AND THE OTHER LED AWAY FROM THE COURTYARD. HAVE AN OVERWHELMING FEELING THAT THERE ARE TWO DIFFERENT CONCEPTS TO THE MEANING OF "ENTRANCE".
